

EXAMPLES OF VALUES, BELIEFS, AND COMMITMENTS

I value...

- (a) students learning together in small group settings**
- (b) assessment of educational programs that provide information about the success of each individual student**
- (c) developing a positive relationship with each of my students**
- (d) collaboration with peers**
- (e) building relationships with parents/guardians**

I believe...

- (a) students learn the content more effectively when they have the opportunity to discuss the content with their peers**
- (b) teachers who are committed to helping students realize their full potential are the teachers who make a difference for students**
- (c) students have rights and responsibilities**
- (d) all students can learn and will learn**
- (e) change in teacher practices is necessary for improved student learning**
